## February 2016 Newsletter

Volume IV Issue 2

Van Cleve & Associates, Inc.'s monthly newsletter is intended to keep you, our valued customer, up to date with announcements regarding our latest products and technologies, upcoming exhibitions and conferences, and other news and events in the security and surveillance industry.

### Product News

#### DroneRANGER & DroneRIFLE Counter UAV Technology

The DroneRANGER is a state-of-the-art UAV detection and neutralization system, developed to detect and defeat any type of UAV, even micro-drones. DroneRANGER is comprised of a Long Range Radar System and a jamming system capable of blocking radio frequencies and the Global Satellite Navigation System frequency bands. The system also features a dual thermal & color camera system on a PTZ platform for conducting visual verification of the target(s).

The DroneRIFLE is the ideal solution when UAVs are visually detected and need to be neutralized in the shortest time frame. The scope allows the user to easily track the drone at long distances, and the rifle form-factor jamming system can easily be directed at the target.

The electronic jamming system is housed inside a Pelicase, which can be converted into a backpack by utilizing the included harness.

#### New Range-R 2D!

#### Thru-Wall Radar Device Produces 2D Graphical Image

L-3 Cyterra has developed a new version of the Range-R Thru Wall Radar System, the Range-R 2D. The new unit displays multiple targets simultaneously, showing their approximate distance away and location within the monitored area. Works at distances up to 20 meters.

#### Orion TMIP43 - Camera Install Tool Handheld IP & Analog Camera CCTV Test Monitor

- 4.3" Touch Screen
- 800 x 480 Resolution
- PTZ Controller
- Built-in Wi-Fi
- MPEG-4, H.264
- Photograph, Video Record, Playback

#### Totevision Monitors with Built-In RJ-45 Ports Easily View IP Cameras & Camera Networks

Utilizing a LINUX-based system, these new monitors can automatically detect ONVIF-compliant IP cameras and systems, and allow for easily viewing up to 9 cameras simultaneously. Also feature PTZ control functionality; multiple sizes available.

### Other News & Notes
