Nagra Releases CTR

Nagra has developed a credit-card sized miniature FM transmitter, designed for tracking items. The CTR also features terminals for the connection of a "break wire", which will trigger an alarm signal once the connection is interrupted. The unit has identical physical dimensions to the CCR & CCT and uses the same Docking Station.

Features:

- Frequency Agile, operates between 138 – 174 MHz (programmable)
- Line-of-Sight Transmission Range of 100 Meters
- Running Duration of 60 hours
- Narrow-Band FM Modulation Type
- Dimensions: 85mm x 54mm x 1.5mm

Bosch: New Video Security Client

The Video Security Client enables local and remote monitoring of IP cameras. It supports Windows devices and is optimized for touch screen environments. The easy-to-use interface and dewarping capabilities make it the perfect solution for smaller system applications and those using panoramic cameras.
